AMERICAN ASSOCIATION OF NEUROLOGICAL SURGEONS

(founded as the HARVEY CUSHING SOCIETY, 1931)

Publishers of the Journal of Neurosurgery

OFFICERS OF THE SOCIETY

April 22, 1970–April 21, 1971

President: COLLIN S. MACCARTY, M.D., Rochester, Minnesota
President-Elect: GUY L. ODOM, M.D., Durham, North Carolina
Vice-President: ROBERT B. KING, M.D., Syracuse, New York
Secretary: WILLIAM F. MEACHAM, M.D., Nashville, Tennessee
Treasurer: GORDON VAN DEN NOORT, M.D., Abington, Pennsylvania
Historian: WILLIAM J. GERMAN, M.D., New Haven, Connecticut

BOARD OF DIRECTORS

Past President: A. EARL WALKER, Baltimore, Maryland
Representative of the Society of Neurological Surgeons:
FRANCIS MURPHEY, M.D., Memphis, Tennessee
Representative of the American Academy of Neurological Surgery:
RICHARD L. DESAUSSURE, JR., M.D., Memphis, Tennessee
Representative of the Neurosurgical Society of America:
C. DOUGLAS HAWKES, M.D., Memphis, Tennessee
Representative of the Congress of Neurological Surgeons:
DONALD F. DOHN, M.D., Cleveland, Ohio
Representative of the Canadian Neurosurgical Society:
THOMAS P. MORLEY, Toronto, Ontario
CHARLES G. DRAKE, London, Ontario
GUY L. ODOM, M.D., Durham, North Carolina
COLLIN S. MACCARTY, M.D., Rochester, Minnesota
WILLIAM F. MEACHAM, M.D., Nashville, Tennessee
ROBERT B. KING, M.D., Syracuse, New York
JOHN SHILLITO, JR., M.D., Boston, Massachusetts
GORDON VAN DEN NOORT, M.D., Abington, Pennsylvania

COMMITTEE CHAIRMEN

Annual Meeting Committee: THOMAS P. MORLEY, M.D., Toronto, Ontario
Arrangements Committee: PAUL C. SHARKEY, M.D., Houston, Texas
Membership Committee: C. DOUGLAS HAWKES, M.D., Memphis, Tennessee
Scientific Program Committee: JOHN F. MULLAN, M.D., Chicago, Illinois

---

The next meeting of the American Association of Neurological Surgeons will be held at the Statler Hilton Hotel, Boston, Massachusetts, April 16–20, 1972. The meeting for 1973 will be at the Century Plaza, Los Angeles, California, April 8–12.

XUM

Index to Volume 34

January-June 1971

ABBASSIOUN, K. See Brisman, R., 678
ABBOTT, W. M., and DUPREE, E. L., JR. Clinical results of lyophilized human cadaver dura transplantation, 770
Abdominal pain
  Alcohol block of the celiac plexus for control of upper abdominal pain caused by cancer and pancreatitis. Technical note, 575
Abducens palsy
  Bilateral traumatic abducens palsy. A mechanism of injury suggested by the study of associated cervical spine fractures, 33
Acid phosphatase
  Histochemical investigation of nonspecific acid phosphatase in cerebral tumors, 730
ADELOYE, A., and ODEKU, E. L. A syndrome characteristic of tangential bullet wounds of the vertex of the skull, 155
Adrenocortical response
  The adrenocortical response to craniotomy for brain tumor, 657
Air embolism
  Increase in regional cerebral blood flow following experimental arterial air embolism, 665
ALEXANDER, E., JR. Book review, 595
——. See Calogero, J. A., 236
——. See Kushner, J., 783
——. See Lassiter, K. R. L., 719
ALLCOCK, J. M. Book review, 466
ALLEN, J. H. See Young, B., 814
ALLEN, M. B., JR. See Mayher, W. E., III, 396
ANDY, O. J. Book review, 465
Amaurosis
  Unilateral amaurosis in a hydrocephalic child with an obstructed shunt. Case report, 236
ANDERSON, F. M. A method for revision of ventriculocardiac shunts. Technical note, 796
Aneurysm
  Arteriovenous anomaly of the brain associated with cerebral aneurysm. Case report, 225
  Carotid-ophthalmic aneurysms. A study of 19 patients, 544
  Documented enlargement and rupture of a small arterial sacculation. Case report, 814
Angiography
  Cerebral angiography during operation for intracranial aneurysms and arteriovenous malformations. Technical note, 706
Angioma
  Spontaneous disappearance of cerebral arteriovenous angioma. Case report, 432
Angle-meter
  Angle-meter to indicate the proper angle of insertion in anterior percutaneous cervical cordotomy. Technical note, 244
Anterior fossae
  Intracranial midline anterior fossae ossifying fibroma invading orbits, paranasal sinuses, and right maxillary antrum. Case report, 827
Antidiuresis
  Neurosurgical hyponatremia: the role of inappropriate antidiuresis, 506
AOKI, H. See Higashi, K., 515
ARIAS, B. A. See Yashon, D., 709
Arteriography
  The arteries of the thalamus: an anatomical and radiological study, 23
Arteriovenous malformation
  Arteriovenous anomaly of the brain associated with cerebral aneurysm. Case report, 225
  Hematoma from arteriovenous malformation producing hydrocephalus and simulating a thalamic tumor. Report of two cases, 229
  Multiple arteriovenous malformation involving the scalp, dura, retina, cerebrum, and posterior fossa. Case report, 95
  Percutaneous embolization of spinal cord arteriovenous malformations, 48
  Recurrence of vascular malformation of the scalp 18 years following excision. Case report, 435
  Spontaneous disappearance of cerebral arteriovenous angioma. Case report, 432
Astrocytoma
  Intramedullary sclerosing astrocytoma of the spinal cord. Case report, 693
ATALLAH, N. K., and NASSAR, S. I. Calvarial hemangioma with blood supply from branches of the internal carotid artery. Case report, 823
AUSTIN, G. See Wilkinson, H. A., 203

Bacteria
  A bacteriological study of craniocerebral missile wounds from Vietnam, 145
BAKAY, L. See Cares, H. L., 355
Basilar artery
  Experimental lingual-basilar arterial microanastomosis, 500
BATZDORF, U., GOLD, V., MATTHEWS, N., and BROWN, J. Human growth hormone in cultures of human pituitary tumors, 741
BELL, W. E. See Taylor, J. R., 818
BENDA, P., SOMEDA, K., MESSER, J., and SWEET, W. H. Morphological and immunochemical studies of rat glial tumors and clonal strains propagated in culture, 310
BENJAMIN, M. V. See Ransohoff, J., 70
——. See Ransohoff, J., 274
BERG, R. A. See Jacobs, G. B., 164
BERMAN, I. R. See Meyer, G. A., 168
BIANCHI, M. See Morello, G., 372
BINGHAM, W. G., JR. See Yashon, D., 494
Bioenergetic events
  Regional bioenergetic events in the experi-

Index

mental glioblastoma. A quantitative histochemical study, 448

Brain abscess

Long-term neurological residua in patients surviving brain abscess with surgery, 652

Brain metabolism

Brain energetics and neurosurgery. A review of recent studies done at Duke University, 3

Brain pressure

Experimental approach for monitoring surface brain pressure, 38

Brain stem

Surgical treatment of brain stem gliomas, 719

Brain tumor

Brain tumor of mixed mesenchymal and neuroepithelial origin. Case report, 808

Brain tumors in hereditary multiple system hamartomatosis tuberous sclerosis, 194

Conray ventriculography in the diagnosis of brain tumors and congenital malformations in children. Technical note, 408

Conray ventriculography in the diagnosis of intraventricular and posterior fossa lesions. Technical note, 405

"Gangliorhabdomyosarcoma": a tumor of ectomesenchyme. Case report, 417

Glioblastoma with extracranial metastasis through ventriculopleural shunt. Case report, 697

Histochemical investigation of nonspecific acid phosphatase in cerebral tumors, 730

Human growth hormone in cultures of human pituitary tumors, 741

Medulloblastoma of the neonatal period and early infancy. Report of two cases, 88

Meningeal invasion by gliomas, 549

Modification in the activity of some enzymes of the cerebrospinal fluid in patients with intracranial tumors, 749

Neurochemistry of brain tumors. Summary of the round table discussion during the Second International Meeting of the International Society for Neurochemistry, Milan, Italy, September 1, 1969, 439

Spontaneous rupture of a metastatic brain tumor into the ventricular system. Report of two cases, 412

Successful removal of a large meningioma in a three-year-old boy. Case report, 92

Surgical experience with chromophobe adenomas of the pituitary gland, 726

Susgical treatment of brain stem gliomas, 719

Trigeminal neuralgia due to cholesteatoma of Meckel's cave. Case report, 572

The use of tissue culture in differentiation between angioblastic meningioma and hemangiopericytoma, 341

XUM

Brain tumor, experimental
Effects of dexamethasone and methylprednisolone on cell cultures of human glioblastomas, 324
Energy metabolism of glial tumors, 452
Histochemistry of hydrolytic enzymes in cerebral tumors. The relationship between the different cytotypes and cell regression, 456
Immunological studies with human gliomas, 458
Isolation and characterization of glioblastoma nuclei and chromosomes in the lyophilized state, 301
Lipids in brain tumors, 454
Morphological and immunochemical studies of rat glial tumors and clonal strains propagated in culture, 310
Morphological studies of rat brain tumors induced by N-nitrosomethylurea, 335
Neurochemistry of brain tumors. Summary of the round table discussion during the Second International Meeting of the International Society for Neurochemistry, Milan, Italy, September, 1, 1969, 439
Permeability in brain tumors, 460
Regional bioenergetic events in the experimental glioblastoma. A quantitative histochemical study, 448
Some biochemical characteristics of neuroglia as deduced by glial tumor biochemical analysis, 443
Transfer and ribosomal ribonucleic acids in brain tumors, 446
Brain wound
Analysis of 2187 consecutive penetrating wounds of the brain from Vietnam, 127
A bacteriological study of craniocerebral missile wounds from Vietnam, 145
Brain injury from a spent bullet descending vertically. Report of five cases, 222
Early complications following penetrating wounds of the brain, 132
Lhermitte's phenomenon after high velocity missile injuries of the brain, 159
Retained intracranial bone fragments: analysis of 42 patients, 142
A syndrome characteristic of tangential bullet wounds of the vertex of the skull, 155
BRISMAN, R., and ABBASSIOUN, K. Familial intracranial aneurysms, 678
BROWN, J. See Batzdorf, U., 741
BUCY, P. C. See Kobrine, A., 563
Bullet
Brain injury from a spent bullet descending vertically. Report of five cases, 222
Lhermitte's phenomenon after high velocity missile injuries of the brain, 159
A syndrome characteristic of tangential bullet wounds of the vertex of the skull, 155
BURTON, C. New neurosurgical operating glasses and fiberoptic headlight. Technical note, 704

Cadaver
Clinical results of lyophilized human cadaver dura transplantation, 770
CALOGERO, J. A., and ALEXANDER, E., JR. Unilateral amaurosis in a hydrocephalic child with an obstructed shunt. Case report, 236
CANTU, R. C. See Wilkinson, H. A., 15
Cardiomegaly
Cerebrovascular malformation in childhood presenting with cardiomegaly. Case report, 818
CARES, H. L., and BAKAY, L. The clinical significance of the optic strut, 355
CAREY, M. E., CHOU, S. N., and FRENCH, L. A. Long-term neurological residua in patients surviving brain abscess with surgery, 652
——. YOUNG, H., MATHIS, J. L., and FORSYTHE, J. A bacteriological study of craniocerebral missile wounds from Vietnam, 145
Carotid artery
Common carotid to intracranial internal carotid bypass venous graft. Technical note, 114
Intramural neural elements in components of the carotid bifurcation. A histological basis for differential function, 209
CARTER, L. P., and PITTMAN, H. W. Posterior fossa subdural hematoma of the newborn. Case report, 423
CASHION, E. L., and YOUNG, J. M. Intraventricular craniopharyngioma. Report of two cases, 84
Cauda equina
Lipomas of the spinal cord and cauda equina, 349
Celiac plexus
Alcohol block of the celiac plexus for control of upper abdominal pain caused by cancer and pancreatitis. Technical note, 575
Cerebral arteries
The arteries of the thalamus: an anatomical and radiological study, 23
Cerebral blood flow
Increase in regional cerebral blood flow following experimental arterial air embolism, 665
Cerebral cortex
Relief of facial pain after combined removal of precentral and postcentral cortex, 537
Cerebral edema
Bifrontal decompressive craniotomy for massive cerebral edema, 488
Diuretic synergy in the treatment of acute experimental cerebral edema, 203
The effects of glucosteroids on experimental cold-induced brain edema. Gross morphological alterations and vascular permeability changes, 476
Cerebral function
Cerebral function during profound oligemic hypotension in the dog, 494
Cerebral paragonimiasis
Cerebral paragonimiasis, 515
Cerebrospinal fluid
The effect of passive hyperventilation on intraventricular pressure in the dog, 189
Cerebrovascular hemodynamics
The effect of increased intracranial pressure on cerebrovascular hemodynamics, 760
Cerebrovascular malformation
Cerebrovascular malformation in childhood

Index

presenting with cardiomegaly. Case report, 818
Cervical spine
Spondylolisthesis of the cervical spine. Case report, 99
CHASON, J. L. See Gass, H., 693
CHEN, T. T. See Mealey, J., Jr., 324
Chest trauma
Hemodynamic responses to acute quadriplegia with or without chest trauma, 168
Cholesteatoma
Trigeminal neuralgia due to cholesteatoma of Meckel's cave. Case report, 572
Chordoma
Unusual intradural spinal metastasis of a cranial chordoma. Case report, 560
Choroid plexus
The choroid plexus in experimental hydrocephalus. A light and electron microscopic study in normal, hydrocephalic, and shunted hydrocephalic dogs, 56
CHOU, S. N. See Carey, M. E., 652
——. See Rogers, H. M., 349
Chromophobe adenoma
Surgical experience with chromophobe adenomas of the pituitary gland, 726
CIESEL, C. See Reed, R. R., 178
CLARE, M. H. Book review, 596
CLARK, K. See Lazar, M. L., 706
——. See Sternbergh, W. C. A., Jr., 805
——. See Williams, P. E., Jr., 119
CLARK, R. G., MILHORAT, T. H., STANLEY, W. C., and DI CHIRO, G. Experimental Pantopaque ventriculography, 387
COLLINS, W. F., JR., Book review, 122
CONFORTI, P. Spontaneous disappearance of cerebral arteriovenous angioma. Case report, 432
Conray
Conray ventriculography in the diagnosis of brain tumors and congenital malformations in children. Technical note, 408
Conray ventriculography in the diagnosis of intraventricular and posterior fossa lesions. Technical note, 405
COOK, A. W. Total removal of large global meningiomas at the medial aspect of the sphenoid ridge. Technical note, 107
COOPER, J. R. Brain tumors in hereditary multiple system hamartomatosis tuberous sclerosis, 194
Cordotomy
Angle-meter to indicate the proper angle of insertion in anterior percutaneous cervical cordotomy. Technical note, 244
Craniopharyngioma
Intraventricular craniopharyngioma. Report of two cases, 84
Craniosynostosis
The concurrence of hydrocephalus and craniosynostosis, 621
Craniotomy
The adrenocortical response to craniotomy for brain tumor, 657
Bifrontal decompressive craniotomy for massive cerebral edema, 488
Depilatory as initial preparation for craniotomies. Technical note, 119
CROISSANT, P. D. See Scott, M., 827
CURRIE, W. D. See Woodhall, B., 3
Cyanoacrylate
Cyanoacrylate encasement of intracranial aneurysms. Technical note, 709
Cylindroma
Cylindroma in the region of the Gasserian ganglion. Case report, 427

DANIEL, E. F., JR. See Mayher, W. E., III, 396
DAR, J. See Mehta, D. S., 572
DAVIS, C. H., JR. See Kushner, J., 783
——. See Lassiter, K. R. L., 719

DUNKSER, S. B., and MCCREARY, H. S. Leptomeningeal cyst of the posterior fossa. Case report, 687
DUPREE, E. L., JR. *See* Abbott, W. M., 770
Dura
Clinical results of lyophilized human cadaver dura transplantation, 770
Referral of pain from dural stimulation in man, 630

EARLE, K. See Hammock, M. K., 77
Ecchordosis
Ecchordosis physaliphora. An electron microscopic study, 672
ELNAGA, I. A. See Mira, K. M., 643
EL-SHERIF, H. See Mira, K. M., 643
Embolization
Percutaneous embolization of spinal cord arteriovenous malformations, 48
Energy metabolism
Energy metabolism of glial tumors, 452
Enzyme
Modification in the activity of some enzymes of the cerebrospinal fluid in patients with intsacranial tumors, 749

XUM

EPSTEIN, B. Book review, 715
EPSTEIN, F. See Ransohoff, J., 70
Extradural hematoma
Double lucid interval in patients with extradural hematoma of the posterior fossa, 534

Facial pain
Relief of facial pain after combined removal of precentral and postcentral cortex, 537
FALIK, J. L. See Fox, J. L., 506

AMERICAN ASSOCIATION OF NEUROLOGICAL SURGEONS
(founded as the HARVEY CUSHING SOCIETY, 1931)
Publishers of the Journal of Neurosurgery

OFFICERS OF THE ASSOCIATION

President: GUY L. ODOM, M.D., Durham, North Carolina
President-Elect: WILLIAM F. MEACHAM, M.D., Nashville, Tennessee
Vice-President: BENJAMIN B. WHITCOMB, M.D., Hartford, Connecticut
Secretary: GORDON VAN DEN NOORT, M.D., Abington, Pennsylvania
Treasurer: DONALD F. DOHN, M.D., Cleveland, Ohio
Historian: WILLIAM J. GERMAN, M.D., New Haven, Connecticut

BOARD OF DIRECTORS

Past President: A. EARL WALKER, Baltimore, Maryland
Past President: COLLIN S. MACCARTY, M.D., Rochester, Minnesota
Representative of the Society of Neurological Surgeons:
RICHARD C. SCHNEIDER, M.D., Ann Arbor, Michigan
Representative of the American Academy of Neurological Surgery:
JOSEPH RANSOHOFF, M.D., New York, New York
Representative of the Neurosurgical Society of America:
C. DOUGLAS HAWKES, M.D., Memphis, Tennessee
Representative of the Congress of Neurological Surgeons:
JOHN N. MEAGHER, M.D., Columbus, Ohio
Representative of the Canadian Neurosurgical Society:
THOMAS P. MORLEY, M.D., Toronto, Ontario
GUY L. ODOM, M.D., Durham, North Carolina
COLLIN S. MACCARTY, M.D., Rochester, Minnesota
WILLIAM F. MEACHAM, M.D., Nashville, Tennessee
BENJAMIN B. WHITCOMB, M.D., Hartford, Connecticut
JOHN SHILLITO, JR., M.D., Boston, Massachusetts
GORDON VAN DEN NOORT, M.D., Abington, Pennsylvania

COMMITTEE CHAIRMEN

Annual Meeting Committee: JOHN F. MULLAN, M.D., Chicago, Illinois
Arrangements Committee: JOHN SHILLITO, M.D., Boston, Massachusetts
Membership Committee: CHARLES B. WILSON, M.D., San Francisco, California
Scientific Program Committee: RICHARD L. ROVIT, M.D., New York, New York

---

The next meeting of the American Association of Neurological Surgeons will be held at the Statler Hilton Hotel, Boston, Massachusetts, April 16-20, 1972. The meeting for 1973 will be at the Century Plaza, Los Angeles, California, April 8-12. The meeting for 1974 will be held at the Chase Park Plaza, St. Louis, Missouri.
